

Lamb Weston Officially Opens New Plant in Kruiningen, Netherlands

November 07, 2024

The global potato processing company's investment in this new, state-of-the-art factory, designed with future generations in mind.

EAGLE, Idaho--(BUSINESS WIRE)-- On November 7, 2024, Lamb Weston opened its new production facility in Kruiningen, The Netherlands, joined by employees directly involved in the project, suppliers, and regional/local authorities. This investment increases Lamb Weston's annual production capacity by 195 million kilos and is intended to support the growing global demand for high-quality frozen potato products. With this expansion, the Kruiningen site employs approximately 650 people, including the 120 new hires dedicated to this new plant.
